03 / SIX EXERCISES

MON E1	Local repository and first commit	**FRI E1**	Enable and verify GitHub Pages
MON E2	CSS feature branch and merge	**FRI E2**	Missing-page test and reflection
MON E3	Publish and push to GitHub	**FRI E3**	Custom 404 and return-home link

04 / HOMEWORK DELIVERABLES

Week 9 homepage	Name/date, live URL and repository.
Book Search	Working API search; local push and phone/private-tab tests confirmed.
Portfolio creation	Photo, bio, skills, three project links and five implementation commits.
Portfolio deployment	Live site, semantic HTML, responsive CSS, theme/filter interactions.

Verification scope: Local pushes confirmed for the three practice repositories. Initial Git/branch practice was executed in the task workspace. Portfolio interactions and light-theme Lighthouse results verified; actual-phone portfolio review and full keyboard review remain pending.
